today

Bültenlerimiz Türkçe ve İngilizce olarak hazırlanmaktadır. Size gönderilen bülten tercih ettiğiniz dilde değilse lütfen bizi uyarın; değiştirelim.

This month we have split our mailing list into Turkish and English speakers to give you the newsletter in your preferred language. If we have got your preferred language wrong then please let us know so that we can correct it.

We need workers and helpers

Unfortunately, we have lost a couple of our regular workers at the shelter recently which is making things very very difficult for us to maintain the high standards that we insist on for all of the animals we look after.

If you know anyone in the area near Gocek that would like a full or part time job in a beautiful location in the mountains doing very rewarding work with our wonderful animals then please make contact with us.

Alternatively, if you would like to regularly volunteer to help with the work around the shelter we would love to hear from you.

Did you know we have donkeys?

Well, I am sure that most of our readers know that we rescue dogs and care for cats but we also care for five beautiful donkeys.

We recently had the opportunity to move them from the place where we used to keep them to a beautiful new home in the very large grounds of a very dear friend of ours who is a devoted animal lover with her personal zoo of dogs cats and now our donkeys. The new guardian of our donkeys has a great deal of experience with the equine fraternity so we know they will be in very good hands.

See this video below of the donkeys in their new surroundings.

Although their new home is the perfect environment for them you will see from the photos below that the existing stable needs a good deal of repair and improvement.

In the meantime, the donkeys do have free run of the house and they have been known to wander in the kitchen or peep over someone's shoulder during dinner looking for a snack. Such gentle lovely animals, who doesn't love donkeys?

You can also see from the photos how big the load of hay is that they we have to get for them on a regular basis.

If you can help us with this extra expense, please use the donate button at the top of the newsletter

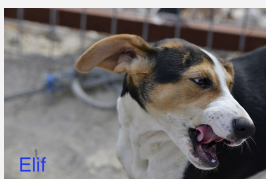

Lucky dogs are on their way

Zarife

Sinfoni

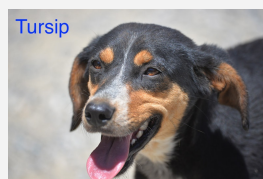

Elif

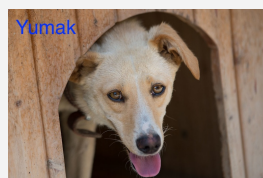

Any day now some of our dogs are on their way to one of our partner organisations in Germany. From there they will find their new forever homes with loving new families.

We aim to re-home as many of our dogs as we can to Turkey, Germany and Holland. If you would like to give a home to one of our dogs then please get in touch using the contact button.

All of our dogs are vaccinated, chipped and sterilised and we and our partners aim to cover our costs, no profit is made, our objective is purely to find new loving homes for our dogs

Could you provide a temporary loving local home for one of our dogs?

Do you remember this beautiful little dog called Juicy?

A couple of months ago we asked if anyone could provide a foster home for Juicy. Luckily for Juicy we will re-home her soon but in the meantime, she has had to live in the shelter. It hasn't been too good for her as she is very nervous and shy.

Some of the dogs in our care are particularly shy and vulnerable and not suited to the hustle and bustle of life in the shelter. We desperately need some people in the Goccek area to provide foster homes to some of these dogs. These dogs are nearly always successfully re-homed and so you will only be looking after them for a few months. We provide all food and medical care so it will not cost you anything only the affection and care you can give to the dog.

If you can find it in your heart to provide a home for one these more vulnerable dogs then please make contact with us.

A very happy, healthy, and prosperous new year to all of our supporters and followers. We rely on you all so much for your continued support and good wishes. Thank you.
